Au Château Home for the Aged of West Nipissing 100, rue Michaud Street Sturgeon Falls, P2B 2Z4

Attention: Board of Management of Au Château

Re: Au Château Home for the Aged of West Nipissing ("Au Château") and the Municipality of Temagami ("Temagami")

Dear Board of Management of Au Château,

We refer to the letter from Au Château dated November 26, 2020 (the "Funding Letter") and the letter dated February 22, 2021 (the "Apportionment Letter") appended hereto as Schedule "A" and "B" respectively.

Financial Support for Au Château

As set out in the Funding Letter, we understand that due to the expiry of the "102 Special Funding" agreement after 35 years with the Federal Government, the Provincial Government and the West Nipissing Non-Profit Housing Corporation, there is an annual reduction of operational funding in the amount of \$658,000.00 per year to Au Château. The Board of Management of Au Château has proposed to increase the amount payable by each supporting municipality, being the municipalities of West Nipissing and Temagami, to cover this funding gap. Based upon the current apportionment calculation this would result in a 16 % annual increase in operating costs to Temagami which means the proposed total 2021 levy is now \$401,986.00.

This proposed increase has caused Council to revisit its past and ongoing financial support of Au Chateau particularly since no Temagami resident has occupied a bed at Au Chateau for over 16 years. Temagami Council has concluded that the continued allocation of its scarce tax revenues to Au Chateau is no longer an appropriate use of Temagami's residents' tax dollars. Temagami Council's goal is to terminate its financial support of Au Chateau and consistent with our taxing authority, reallocate the \$400,000 to support services that are delivered to the Temagami residents. In our view, Au Chateau's operations should be supported from taxes raised from the municipalities whose residents occupy Au Chateau's beds.

Resignation from Au Château

It is Council's view that Long-Term Care Homes Act and the General Regulation never intended that a Municipality be required to fund the operations of a home that their residents will never occupy. Temagami Council, through its one representative on Au Chateau's Board of Management, has repeatedly tried to address the above issues at the Board level and provincially but has been unsuccessful. Unfortunately, the facts are clear, West Nipissing Council, through its nominated directors, controls Au Chateau's Board and has no incentive or desire to address the above inequities as it would mean a corresponding increase of its funding obligations.

Temagami Council is left with no alternative but to provide notice that as of December 31, 2021 we are: terminating our financial support of Au Chateau, resigning our corporate membership in the Au Chateau corporation and Dan O'Mara shall be resigning as Temagami's designated director on the Board of Management.

In the interim period, the Temagami Council looks forward to negotiating the terms of Temagami's withdrawal with the Au Chateau Management Board and West Nipissing City Council. These negotiations will include a request that the accumulated surplus from preceding years be used to offset the proposed 16% increase in the 2021 levy.

We look forward to your response.

Sincerely yours,

Dan O'Mara

Re: End of year agreement

Presently, there is some confusion with respect to the fact that Au Château is losing special funding and the Ministry of Health concerning other sources of revenues. Perhaps the confusion is why do the Municipalities have to be responsible for loss of funding when government is providing additional ones. I will attempt to clarify by addressing the Special Funding and the current programs introduced by the Provincial Government.

Thirty-five (35) years ago, Au Château entered into an agreement (102 Special Funding) with the Federal Government (CMHC), Provincial Government and West Nipissing Non-Profit Housing Corporation (WNNPHC). As it relates to Au Château, it meant that 102 residents were housed in a new facility built and pald for by WNNPHC. Not only was Au Château not responsible for the asset, it was also provided operational funds to support these 102 residents. As a result of this agreement ending December 31, 2020, with no possible substitute funding, the Home will lose \$658,000 per year. We emphasize after discussions and negotiations this type of funding does not fall within any funding envelope of the Federal nor Provincial funding. Basically since 1994 when the Ministry of Health started to fund all long-term care facilities through a per diem, the 102 Special funding was treated at 100% additional source of revenue, in essence reducing the amount that Municipalities would have to pay towards the operation of the Home.

On November 5th, the Provincial Government released its budget with the following affecting Long-Term Care Sector:

Funding:

- Emergency Prevention and Containment Funding to help Homes continue preventive and containment of COVID-19 including entrance screening, staffing, supports and purchasing of PPE's.
- Infection Prevention and Control (IPAC) resources to allow Homes to hire more IPAC staff and train new and existing staff.
- 1.5% increase for annual operations.

Staffing

- The government reiterated its commitment to increasing the average daily direct care per resident to 4 hours per day over a four-year period. Currently Homes offer 2.7 hours per resident per day which is in line with provincial average.
- Commitment to provide funding over 3 years to support PSW's credentialing, recruitment and retention.

It must be noted that the Provincial additional funding is subject to or directly attached to specific expenditures that Homes must incur over and above current operating levels. These funds cannot be used to subsidize existing operations.

COVID-19 has certainly highlighted the chronic under funding in our industry and finally the Government is responding accordingly; this will help tremendously not only in the delivery of care but more importantly the quality of care. Unfortunately, it does not provide relief as it relates to the loss of Special Funding. This will be addressed as part of the 2021 budget exercise, but it goes without saying that Municipalities will be responsible for a significant part of this loss as the Home cannot afford to cut services to seniors. The Home will take every effort to minimize the impact of this loss to Municipalities.

RE:

PLAYGROUNDS

One proposal was received for playground upgrades and new construction. An overview of the scope of work is provided with this memo. In addition I've provided examples of playground layouts and examples of structures being installed.

The approved capital budget combined for these projects is \$235,000. The proposal received is for total of \$243,311. We are recommending approval from Council. The additional \$8,311 cost scan be covered from the existing community services capital reserve.

For all of our existing playgrounds we will be removing all unsafe equipment and replacing it with new structures. We will see the construction of a brand new playground in Lavigne. We have discussed the proposed plan with the volunteers in Lavigne and they support what's being recommended. As for the playground in Field, all equipment from the existing park will be moved to the new park located on Grande Allée on a municipally owned lot. We are also proposing that a fence be constructed next to the adjacent property. We will include the construction of this fence as part of the 2022 budget for council's consideration.

RE: TRANSFER SITE AND COMMUNAL STOP LOCATIONS

The Nipissing Parry-Sound Student Transportation Services manages and coordinates transportation services for our four local member school boards, the Near North District School Board, Nipissing-Parry Sound Catholic District School Board, Conseil scolaire public du Nord-Est de l'Ontario and Conseil scolaire catholique Franco Nord.

The NPSSTS would like to thank you for allowing our Operators to use the **West Nipissing Community and Recreation Centre**, **Verner Arena**, and **Monetville Community Centre** s property as a transfer point or communal stop location to allow us to better service the students in your community.

As you are aware, these locations are used twice a day, before school and after school. Transfer points are used to alleviate school bus traffic congestion at the local schools. Communal stops are used to decrease ride times for students in rural areas. Both locations improve the overall safety of our students.

Our current agreement will end on August 31, 2021 and the NPSSTS would like to continue to use the **West Nipissing Community and Recreation Centre, Verner Arena, and Monetville Community Centre s** as a transfer point or communal stop location. Enclosed are two copies of a new agreement beginning September 1, 2021 and ending August 31, 2024. Please review the agreement and if no changes are required, kindly sign both copies then return to our office in the self-address envelope enclosed.

We will forward an executed copy including the Certificate of Insurance from the Ontario School Boards' Insurance Exchange (OSBIE) naming the **Municipality of West Nipissing** as an Additional Insured with respect to the use of the property.

Should you require additional information or clarification, please do not hesitate to contact me at 705-472-8840, extension #206.

Thank you,

Church Sequin

Seeking your endorsement for Motion M-84 Anti-Hate Crimes and Incidents & Private Member's Bill C-313 Banning Symbols of Hate Act

Dear Mayor and Council,

I am writing to you today seeking your endorsement of my House of Commons <u>Motion M-84 Anti-Hate Crimes and Incidents</u> and my private member's legislation on <u>Banning Symbols of Hate Act-Bill C-313</u>. We are living in an unprecedented time. The killing of George Floyd in the U.S., and the deaths of Regis Korchinski-Paquet, a 29-year-old Indigenous-Ukrainian-Black Canadian woman, occurred in Toronto, and Chantel Moore, an Indigenous Canadian woman, was shot and killed by Edmundston police, New Brunswick police, who were called to perform a wellness check - were results of systemic racism.

Since the start of the pandemic, there has been an alarming increase of anti-Asian racism and hate crimes in Canada and across North America. A new <u>Angus Reid public opinion</u> poll shows that nearly 50% of young Asian Canadians have experienced and been affected by anti-Asian racism and bigotry in the last year. <u>Statistics Canada</u> reported that in the context of the COVID-19 pandemic, fear and misinformation about the virus may disproportionately impact the sense of personal and community safety of many people in Canada.

The recent murder of the Muslim family in London, Ontario, was yet another reminder that hate and Islamophobia exist in Canada. We must take a strong stance against all forms of hate and racism against Black, Indigenous, People of Colour and Racialized communities.

My Bill C-313 would prevent anyone from selling and displaying symbols that promote hatred and violence against identifiable groups. Julian says banning symbols of hatred like swastikas or Klu Klux Klan insignia is important for all Canadians to feel safe.

I hope I can count on your endorsement to urge the federal government to immediately stop all forms of hate and all forms of discrimination, hate crimes and incidents as well as ending all display and sale in Canada of symbols of hate. Please consider using the following endorsement paragraph as a reply as soon as possible:

On behalf of(Number of residents in your city), the Mayor and Council of
(city name) endorse MP Peter Julian's private member's motion, Motion
M-84 Anti-Hate Crimes and Incidents and his private member's bill Bill-C 313 Banning
Symbols of Hate Act.
Thank you very much for your consideration. Please feel free to contact my Chief of Staff, Doris Mah
at 604-353-3107 if you require any further information.
We look forward to hearing from you soon.
Sincerely,
Officerery,
Peter Julian, MP

Nous sollicitons votre appui pour la motion M-84 contre les crimes et incidents haineux et le projet de loi d'initiative parlementaire C-313 Loi interdisant les symboles de haine

Bonjour,

Je vous écris aujourd'hui pour vous demander d'appuyer la motion M-84 de la Chambre des communes contre les crimes et incidents haineux et mon projet de loi d'initiative parlementaire sur l'interdiction des symboles de haine, le projet de loi C-313. Nous vivons une époque sans précédent. L'assassinat de George Floyd aux États-Unis et les décès de Regis Korchinski-Paquet, une Canadienne autochtone, ukrainienne et noire de 29 ans, survenus à Toronto, et de Chantel Moore, une Canadienne autochtone, abattue par la police d'Edmundston, au Nouveau-Brunswick, qui avait été appelée pour effectuer un contrôle de santé, sont le résultat d'un racisme systémique.

Depuis le début de la pandémie, on constate une augmentation alarmante du racisme et des crimes haineux anti-asiatiques au Canada et dans toute l'Amérique du Nord. <u>Un nouveau sondage d'opinion Angus Reid</u> révèle que près de 50 % des jeunes Canadiens d'origine asiatique ont été victimes de racisme et de sectarisme antiasiatiques au cours de la dernière année. Selon <u>Statistique Canada</u>, dans le contexte de la pandémie de COVID-19, la peur et la désinformation au sujet du virus peuvent avoir un impact disproportionné sur le sentiment de sécurité personnelle et communautaire de certains groupes ethnoculturels.

Le récent meurtre de la famille musulmane de London, en Ontario, est un autre rappel que la haine et l'islamophobie existent au Canada; nous devons donc adopter une position ferme contre toutes les formes de haine et de racisme à l'égard des Noirs, des Autochtones, des personnes de couleur et des communautés racialisées.

Mon projet de loi C-313 empêcherait quiconque de vendre et d'afficher des symboles qui encouragent la haine et la violence contre des groupes identifiables. Il est important d'interdire les symboles de haine comme les croix gammées ou les insignes du Klu Klux Klan pour que tous les Canadiens se sentent en sécurité.

J'espère pouvoir compter sur votre appui pour inciter le gouvernement fédéral à mettre immédiatement un terme à toutes les formes de haine et de discrimination, aux crimes et incidents haineux, ainsi qu'à toutes les marchandises vendues au Canada qui contiennent des symboles de haine. Veuillez envisager d'utiliser le paragraphe de soutien suivant comme réponse dès que possible :

RE: NATURAL GAS SERVICE

To Mr Leo Malette, West Nipissing council, and whom this may concern,

We are (3) residents on lalande rd in the same neighborhood all desperately in need of natural gas 804 lalande rd (Mr jason brazeau) 865 lalande rd (Mr Pierre Dauphinais) and 871 lalande rd (Mrs Melissa Carmicheal) We looked at many other options as one was to torpedo drill under the asphalt, In this case Kim Vester from union gas/Embridge has stated that do to the gas main being 18 inches to the left just under the asphalt, that we would have to cut approximately 6 inches in to the road to access the main which would be minor repairs. As union gas would then be able to go a different route and torpedo underneath the ashphalt This being said we ask for a 1 time exemption to the no cut policy so we can complete our projects as well as the completion of the new homes for our clients which will allow us to fulfill our commitments to them.
